Woomera

A Department of Defence owned and operated facility. There are no privately owned homes in the township. The Woomera National Aerospace and Missile Park is interesting. Have a cold drink in the Eldo Hotel. Town peak population 7,000 in the 1960s to a few hundred now. Easy to drive the many streets as it’s like a modern ghost town. Accommodation is available in the old barrack blocks. 446 km north of Adelaide, South Australia.
