Busselton

The Busselton Jetty 1841 meters long.
It’s possible to dine 8 metres below the sea at Busselton Jetty. Enjoy Western Australian produce.
Walking the jetty or taking the train right out to the underwater observatory is a great experience. The Underwater Observatory is a natural aquarium where marine species are viewed in their natural habitat. Spiral flights of stairs lead to the Observatory. Also a lift is available. Informative guide talks.
